

Education Law

Our Education Law practice is dedicated to helping educational institutions navigate the laws and regulations that affect them. We work with public schools, school boards, private schools, charter schools, and higher education institutions.

We assist with a variety of issues, including:

- **Academic Policy:** Helping develop and implement educational policies.
- **Athletics:** Ensuring compliance with regulations for school sports programs.
- **Operation and Administration:** Supporting the legal aspects of school operations and administration.
- **Discrimination:** Addressing issues of discrimination and promoting equal opportunities for all students.
- **School Discipline:** Guiding schools in the fair and lawful administration of student discipline.

Our practice also covers important areas such as:

- **Civil Rights:** Protecting the rights of students and staff.
- **Constitutional Matters:** Handling cases related to free speech, free exercise, and other constitutional issues.
- **Policy Formation:** Assisting in creating and revising educational policies.
- **Student Data Privacy:** Ensuring the protection of student information in compliance with privacy laws.

At Lowndes, we are here to support your education law needs. Contact us to learn more about how we can assist you.
