

## Property Tax Appeals

We help property owners in Central Florida and across the state in appealing their ad valorem property tax assessments.

---

Our property tax work extends to nearly every county in the state, with the majority focused in Central Florida. We regularly handle review of assessments, direct negotiations with county property appraisers, administrative appeals to the Value Adjustment Board, and tax appeal suits.

We have broad experience handling many different types of exemption applications. We often assist clients from the application stage through challenges, to denial of any exemption, through trial and appellate court proceedings. These exemption applications include agricultural, conservation easements, healthcare, homestead, military housing, non-profit, religious, and senior living.

Our attorneys have represented virtually every kind of property including hotels, golf courses, shopping centers, condominium and apartment projects, retail buildings, vacant land, residential uses, and agricultural uses, as well as tangible personal property.
