Lowndes attorneys Brendan Lynch and Jacqueline Bozzuto provide an informative webinar about how your commercial property tax bill could be affected by the recent appellate court ruling that the Rushmore method, which was used by the Orange County Property Appraiser's office for valuation of Disney's Yacht & Beach Club Resorts, is illegal under Florida law. They also discuss the potential effects of the COVID-19 pandemic to your business's property taxes, including the likelihood of tax relief in 2020.
