SBA Partners with POS Providers to Help Restaurants Apply for RRF Grants

Article
04.22.2021

The Small Business Association (SBA) announced earlier today that Clover, NCR Corporation, Square and Toast will be among the official first round of technology partners for the RRF grant application. This means that entities will be able to prepare their applications, as well as apply for, the RRF grant through their individual point-of-sale (POS) systems.

All entities interested in applying for the RRF grant who utilize a POS should immediately contact their POS provider to inquire about the grant application process. Examples of POS providers are NCR, Square, Toast, HarborTouch, Rezku, UpServe and Clover.

If your POS provider is not offering an RRF grant portal, you will still be able to apply for the grant through the SBA's website.
